MISS MOON

Wouldn't it be great if a **magic Nanny** was sent over to the McGuffles?

Everything could be perfect...

MISS
MOON

Like in a perfect world

But nothing seems to work as planned
Humans are so different!

MISS
MOON

But not to worry!
With her wand, magic and book of spells...

...Miss Moon will find her way

Like the day she turned Lola into a monkey!

Or the time she shrunk the **FEROCIOUS** crocodile into a tiny lizard!

And always making sure the neighbours don't realise that she has **magic Powers!**

Miss Moon is a magic combination of **comedy** and **friendship** for 6+ year old kids
